The Fourth of July schedule of the Rhode Island-Connecticut Baseball league provides that Westerly will play at Mystic in the morning and play at Mystic in the morning and Mystic will play a return game at Westerly in the afternoon. Stonington and Pawcatack will play at Pawcatack in the morning and at Stonington in the afternoon. There will be no advance in the afmission price, as has been the custom for holiday games. The patronage at the games thus far this season has been discouraging to the management and unless more interest is manifested, the lovers of the game will see the end of league baseball in this section.

Everything is in readiness for the safe and sane celebration of July 4th, in Westerly, for it will simply be composed of a band concert, a water composed of a band concert, a water carmi al and pyrotechnic display, all on the surface or banks of the Pawcatuck river, and all after sunset. The Westerly Yacht club offers three loving cup prizes for the trio of best decorated boats in the marine parade, and there is considerable interest in the result. The water events will so in the early evening; the irreworks will follow and the band will play from start to finish. The judges are Charles W. Willard, Charles J. Butler, Rev. Dr. John Neale and E. Howard Clarke. Howard Clarke.

Why Physicians Recommend Castoria

ASTORIA has met with pronounced favor on the part of physicians, pharmaceutical societies and medical authorities. It is used by physicians with results most gratifying. The extended use of Castoria is unquestionably the result of three facts: First-The indisputable evidence that it is harmless: Second-That it not only allays stomach pains and quiets the nerves, but assimilates the food: Third-It is an agreeable and postect substitute for Castor Oil. It is absolutely safe. It does not contain any Opium, Morphine, or other narcotic and does not stupefy. It is unlike Soothing Syrups, Bateman's Drops, Godfrey's Cordial, etc. This is a good deal for a Medical Journal to say. Our duty, however, is to expess danger and record the means of advancing health. The day for poisoning innocent children through greed or ignorance ought to end. To our knowledge, Castoria is a remedy which produces composure and health, by regulating the system-not by stupefying it-and our readers are entitled to the information .- Hall's Journal of Health.

Dr. Raymond M. Evarts, of Santa Ynez, Cal., says: "After using your Castoria for children for years it annoys me greatly to have an ignorant druggist substitute something else, especially to the patient's disadvantage, as in this case. I enclose herewith the wrayper of the imitation."

Dr. R. M. Ward, of Kansas City, Mo., says : "Physicians generally do not prescribe proprietary preparations, but in the case of Castoria my experience, like that of many other physicians, has taught me to make an exception. I prescribe your Castoria in my practice because I have found it to be a thoroughly reliable remedy for children's complaints. Any physician who has raised a family, as I have, will join me in heartiest recommendation of Castoria."
